

## SECTION NINE PROGRAM FOR ADVANCED SPECIAL STUDENTS

The Program for Advanced Special Students (PASS) is designed for individuals who would like to take individual academic courses and are not ready to enroll in an academic degree program.

An individual may complete a maximum of nine credits total of PASS courses. Upon completion of nine credits, students must either be admitted as a degree-seeking student at Maryland University of Integrative Health, or submit a letter of request to the Office of Graduate Admissions to continue enrolling in individual courses along with the reasons for continuing in this status.

The Advanced Special Student application and accompanying documents must be submitted and approved by the Office of Graduate Admissions by the desired trimester's application deadline. Registering as part of the Program for Advanced Special Students is subject to enrollment limits in the desired courses. Priority in the registration process will be given to MUIH degree-seeking students.

The following courses may be taken as PASS courses:
