Student Teaching Clinic Supervisor - Acupuncture
Natural Care Center (NCC)
Position Available: Immediately
Posting Date: 04/09/2015
End Date: Open until filled

Maryland University of Integrative Health is the leading academic institution for integrative health in the nation. For nearly 40 years, MUIH has educated practitioners in health and wellness through transformative and relationship-centered programs that draw from traditional wisdom and contemporary science. MUIH offers graduate degrees and certificates in a wide range of wellness fields, as well as programs for professional and personal development. In our on-campus Natural Care Center and community outreach settings, we provide compassionate and affordable healthcare from student interns and professional practitioners and deliver more than 35,000 clinical treatments and consultations each year.

Maryland University of Integrative Health is seeking a teaching clinic supervisor for its master’s programs in Acupuncture and Oriental Medicine (AOM). This important individual supports the learning experience of the AOM student practitioners and ensures the delivery of safe and effective patient care in the University’s Student Teaching Clinic. The teaching clinic supervisor assists the lead teaching clinic supervisor in creating a supportive learning environment for the AOM student practitioners and guides and supervises acupuncture student practitioners during clinical practice.

This individual will work weekly on Thursdays from 3 p.m. to 8:30 p.m. plus attend required training and meetings.

Responsibilities/Duties
Responsibilities/duties include, but are not limited to:

• Participate in weekly Treatment Planning and clinic preparation discussions in the student teaching clinic for the teaching clinic team (made up of supervisors and students assigned to that clinic shift)
• Model professional demeanor, clinical skill, and ethical behavior for student practitioners
• Assist the lead teaching clinic supervisor in fulfilling the responsibilities of the NCC teaching clinic team
• Provide appropriate supervision, assessment, progress monitoring, and feedback to students during their clinical training
• Offer support, coaching, and motivation to facilitate students’ successful completion of the clinical experience
• Ensure that patients receive appropriate treatment from student interns in the NCC student teaching clinic while allowing student practitioners to have a key voice in treatment design
• Discern and remember the distinction between one’s own practice and a beginner’s practice when supervising student practitioners
• Make certain the treatment records of student practitioners meet the current standards established for the Student Teaching Clinic
