

Type of Opportunity: Acupuncture

Location: Waterbury, VT

Details:

"Waterbury Integrative Health" is an integrative health care clinic providing mental health services and naturopathic primary care in Waterbury, Vermont.

We are currently looking for an acupuncturist to join our newly renovated office space nestled in the heart of beautiful & progressive Vermont. We encourage newly graduated students, with licensure and malpractice insurance, looking to own and operate their own practice to contact us.

Licensing agreement with "Waterbury Integrative Health" includes a private practitioner room, as well as shared waiting area, front desk, bathroom & kitchenette. Internet service, fax, heat, water, shared parking lot, snow removal, and marketing are included.

Joining a healthy and established practice allows new practitioners direct access to referrals, as well as an established and trusted image in the community. Moreover, applicants should be aware that they will be the sole acupuncture practitioner in the town of Waterbury Vermont as of Jan 2015.

Although the name, marketing and office space is provided, applicants will be operating as their own private business, which means more money in their pocket! Applicants will also be responsible for their respective scheduling, billing and office supplies (excluding bathroom and kitchenette supplies).

We are offering this opportunity to a new practitioner because we wholeheartedly understand how difficult it can be to get up and running; we want to offer an opportunity that was unavailable to us!

Interested applicants should send a résumé and proof of successful NCCAOM exam completion to drlaurentessier@gmail.com.

Chosen applicants shall be either asked to meet in person, or virtually via internet video chat as a pre-screening. All applicants must physically visit the space before signing the licensing agreement, proof of Vermont state license and malpractice and liability insurance are due at signing.

46 South Main St., Suite #2, Waterbury, VT, 05676 www.waterburyintegrativehealth.com
