

## **Type of Opportunity: Acupuncture**

**Location:** Washington, DC

### **Details:**

EHA is seeking a collaborative and skilled Acupuncturist for a part-time position to add value to the entire practice. The Acupuncturist provides quality patient care within a Holistic Medicine environment and is responsible for providing direct patient care and Chinese medical treatments in accordance with EHA mission, vision, values and strategic plan. The Acupuncturist functions as an integral member of the health care team, displaying clinical competency, professional ethics and sound judgment in assuring the delivery of high quality, integrative health care. This role also includes working together with the clinical team to maintain efficient and effective workflows, and supporting an environment of patient safety and satisfaction. This is a part-time position of equal to or less than 30 hours per week.

#### Essential responsibilities:

- Delivers care that is reflective of EHA's mission and values
- Delivers appropriate Chinese medical treatment sequence given patient condition, team care plan strategy and healing response
- Performs acupuncture needle therapy and other Chinese medical modalities that fall within scope of practice, including but not limited to, electrical current, moxabustion, tui-na, herbal remedies, and essential oils.
- EHA is building collaboration within an interdisciplinary team of holistic practitioners, contributing to diagnosis and coordination of treatment plan options. Provides timely documentation and maintains appropriate medical records documentation for treatments and services rendered.
- Advises patients of recommended courses of treatments, progress and treatment outcomes
- Provides patient education to support health and wellness
- Maintains and improves professional skills through continuing education as needed and as required to maintain licensure

#### Desired Skills and Experience:

- Master Degree in Acupuncture or Doctor of Acupuncture obtained from a fully accredited acupuncture education program Knowledgeable in Chinese medical theoretical principals in treatment modalities recognized by both eastern and western medical models
- 3 years as practicing acupuncturist
- Experience with EHR documentation
- Experience in primary care setting with physicians and other providers in collaborative environment Ability to provide compassionate care such that patients and their families can embrace healthy lifestyles Knowledge of medical documentation and insurance billing requirements a plus
