

Type of Opportunity: Acupuncture

Job Type: Full-time

City: Wasilla

State: Alaska

Details: Ancient & Modern Pain Solutions

Acupuncturist Needed - New Grads Also Welcome!

We are looking for an outgoing, motivated, friendly, humble, detail-oriented leader to fill an Acupuncturist position in Wasilla, Alaska. As the Acupuncturist you will be responsible for conducting diagnostic investigation; creating, following through with, and recording treatment plans; directing and instructing your very own assistant ; and interacting with patients, staff and other providers in a professional manner. We provide an opportunity for you to focus on patient care instead of running a business.

ABOUT OUR CLINIC

Located in the majestic mountain surrounded Mat-Su Valley of Alaska, our clinic treats mainly pain and neuropathic conditions with a secondary emphasis on TCM and internal medicine.

Our aim is to combine time-proven traditional medical practices with contemporary examinations and therapeutic techniques.

Traditional Chinese Medicine and Contemporary Allopathic Medicine tend to view disease differently and tend to convey those views differently enough that to one the other seems gibberish, charlatanistic, naive, over-complex, or oversimplified. Our aim is to bridge this existing gap and to build unity and understanding in the medical community. So at our clinic there is no East vs West or old vs new. We combine the knowledge we have available to us and learn to convey it in a language that others can understand.

REQUIREMENTS

-NCCAOM Diplomate of Acupuncture Certification AND -The ability to obtain, or current possession of, an Acupuncture license for the State of Alaska PREFERABLE -Bachelor's degree in sports/exercise science, biology, health or related field -Knowledge/degree of herbal medicine -Strong knowledge of anatomy -Knowledge of/specialty in treatment of pain -Knowledge of contemporary physical diagnostic methods including musculoskeletal, neurological, and orthopedic examinations.

JOB DESCRIPTION AND RESPONSIBILITIES
