

Type of Opportunity: Nutrition

Location: DC, MD, & VA

Details:

Job type: Nutrition

Job Location: Medical offices in DC, MD & VA

Job title: Clinical Nutritionist

Job description:

Experienced and qualified licensed clinical nutritionist needed for various professional medical offices in the tri-state area. Position requires experience in patient care in a clinical setting, which includes preventive nutrition, diseases related to nutrient deficiencies, and the science of nutrition. Each medical office varies in scope of practice and fee structure. Terms can be further discussed and negotiated prior to acceptance of position.

Responsibilities include:

Evaluate the nutritional needs of patients
Provide nutritional counseling and a treatment plan
Provide supplement recommendations
Consult with other health professionals on nutrition management for individual patients
Investigating the relationship between genes and nutrients
Studying how diet affects metabolism
Examining the process of nourishment and the association between diet, disease and health
Providing health advice and promoting healthy eating
Advising about special diets
Working as part of a multi-disciplinary team/supporting the work of other health care professionals

Requirements for the position:

Graduate level degree in nutritional sciences
Must have a license to practice nutrition in their prospective state of work (if required)
Good understanding of macro and micro nutrients, supplements and meal planning
Good understanding of supplement interactions
Must be extremely reliable and dedicated to their profession
Excellent time management skills and organization
Ability to provide excellent service

Salary and benefits: Negotiable.
