

Type of Opportunity: Other

City: Rockville

State: MD

Details: At Nava, we have a passion to improve healthcare options and provide access to wellness services not readily available through traditional treatment programs. We take a holistic, integrative approach to our clients' health and wellness and have a team of seasoned practitioners working together to achieve life-changing results. Our welcoming environment cultivates healthy, balanced lives for our clients.

We have an outstanding opportunity for a recent college graduate or someone looking to begin a career in the wellness industry and/or to help improve the health and well-being of others! This will start as a part-time position, working several partial days (approximately 16-20 hours per week) at one or more of our locations: Columbia, Chevy Chase, or North Bethesda. The position requires a college degree (in a related field of study preferred), plus some client service or sales experience (internships qualify), or some work experience in our industry (wellness, fitness, nutrition, etc.). Although this is a part-time, entry level position, it will offer outstanding growth potential!
