

Type of Opportunity: Space Rental

City: Rockville

State: Maryland

Details: I am in the process of opening a holistic wellness center within the next few months focused on incorporating a variety of healing modalities. I'd love to incorporate mental health and psychotherapy, nutrition, physical fitness, yoga, acupuncture, relaxation, massage and other such areas related to wellness. If you or anyone you know would be interested in joining me in this endeavor, please contact me.

I'm looking to open this center in the Rockville/Bethesda area. Office space would be rented on an hourly basis and anyone who wants to rent full time would receive a discount on that hourly rate. The rate would be for the space, and would include internet, a page on the center's website, referrals as they come, and scheduling if interested.

I want the center to be a safe haven during this time of turmoil and pain for people. I'd love for it to be a place of healing, relaxation, safety and community. My email address is drmelaniericaurte@gmail.com and my phone number is 240-686-5390.
