

## **Type of Opportunity: Yoga Therapy**

**Location:** Washington, DC

### **Details:**

Freed Bodyworks ([www.freedbodyworks.com](http://www.freedbodyworks.com)) is a body-positive Holistic Wellness Center on Capitol Hill. We are doubling our square footage in February. For the first time we will have a space to offer yoga and we are actively seeking yoga practitioners who have a particular interest in therapeutic yoga to join our team in the capacity of yoga teachers and yoga therapists offering sessions. Team Freed is currently 7 therapists strong. We were voted runner-up for best therapeutic massage in DC City Paper and best health and beauty business on Capitol Hill.

Freed Bodyworks is founded by a genderqueer massage therapist and based on the concept of radical inclusion and radical self-determination. On our team, we have a strong culture of living life out loud and we share a strong passion for creating safe space. Freed Bodyworks therapists must be affirming of and able to normalize following identities: people of color, gender non-conforming people, people making gender transition, open and closeted kinky people, people who do sex-work, people with a full spectrum of body modifications, and people with movement, sensory, or neurological (dis)abilities. At Freed, we espouse a strong ethic of Health At Every Size.

The center is equipped for practitioners to see clients in treatment rooms with massage tables/open floor space and we have a flex space that will be used for movement classes as well as workshops.

All Freed Bodyworks team members are independent contractors and can be contracted for as few as 4 hours per week.

To apply, please send resume and cover letter telling us about you, your work, and explaining your specific interest in Freed Bodyworks. Resumes without letters will NOT be considered. Submit materials and questions to [jobs@freedbodyworks.com](mailto:jobs@freedbodyworks.com). No phone calls, please.
