

Essential Tech Tools for Student Success

If you are a new or continuing student at MUIH, it is recommended that you view these instructional videos which provide a brief overview of the different technology systems used by MUIH. They will help you learn how to access frequently used tools and information you will need to be successful throughout your time as a student.

MUIH Learning Platforms and Resources

Please watch this [video](#) to learn about how to navigate between MUIH tech platforms and resources.

Office 365 App Launcher

Accessed through your Office 365 apps by navigating to <http://www.office.com> and entering your user name and password. The Office 365 app launcher opens when you select the app launcher icon  from the Office 365 portal (upper left-hand side of your page). It's a menu of Office 365 web apps and services that you have access to at MUIH. The redesigned app launcher makes opening and switching between your apps easier by highlighting your most used Office 365 apps and providing quick access to your recent online Office documents from anywhere in the Office 365 portal.

Office 365 Help Tool

Accessed through your Office 365 apps by navigating to <http://www.office.com> and entering your user name and password. The question mark (?) in the upper right corner can serve as a robust search tool to learning the Office 365 apps. If you have a question, please click on the (?) and search the question at hand. The help tool will generate videos, tutorials, articles and more to provide you the support you need!

Outlook

Accessed through your Office 365 apps by navigating to <http://www.office.com> and entering your user name and password. This is the platform to manage your e-mail, calendar, and contacts. All official MUIH communication will come through your Microsoft Outlook account. To easily log in to your email, navigate to <http://www.office.com> and log in with your user name and password.
