MedStar Georgetown University Hospital is a not-for-profit, acute-care teaching and research hospital with 609 beds located in Northwest Washington, D.C. Founded in the Jesuit principle of *cura personalis*—caring for the whole person—MedStar Georgetown is committed to offering a variety of innovative diagnostic and treatment options within a trusting and compassionate environment.

MedStar Georgetown's centers of excellence include neurosciences, transplant, cancer and gastroenterology. Along with Magnet® nurses, internationally recognized physicians, advanced research and cutting-edge technologies, MedStar Georgetown's healthcare professionals have a reputation for medical excellence and leadership.

General Summary of Position:

Serves as hospital-wide resource to grow acupuncture and integrative medicine offerings to Medicine and other patients. Develops educational and research protocols to support tripartite mission of DOM. Supports General Internal Medicine providers through development, implementation, and coordination of acupuncture therapy for cases such as addiction, stroke rehabilitation, muscular skeletal issues, women's issues, fertility treatments, stress management, and digestive issues. Other applications include the treatment of headache, migraine, respiratory issues, and arthritis.

Qualifications:

Graduate of an accredited School of Acupuncture.

Licensed in the District of Columbia.

CPR certification.

DAOM (Doctorate of Acupuncture and Oriental Medicine) preferred. Hold state and national certifications (NCCAOM) At least five years of clinical experience required.

Prefer prior experience teaching.

Ability to relate to a variety of other health professionals to promote possible synergies with integrative approach and grow footprint of the program.

Knowledge of theory and practice to assess, plan, implement, and evaluate patient care.

Skill in applying and modifying the principles, methods, and techniques of acupuncture to provide ongoing patient care.

Skill in establishing and maintaining effective working relationships with patients, medical staff, and the public.
